**IT'S EASY TO ORDER FROM STANEK'S
 NO RED TAPE**

AND HERE IS HOW YOU DO IT

1. **BY MAIL.** Pick out the items you wish and jot them down on the handy order blank in the middle of this catalog. Enclose your remittance (check or money order if possible) and the mailman will bring your order direct to your door.
2. **BY PHONE.** Call our nursery at KEystone 5167. We will be more than happy to help you in your selections and deliver them direct to your door.

3. **BY PERSONAL VISIT.** We can give you the best service by having you visit our nursery at E. 2929 29th Ave., where you may pick out your stock personally and either take it with you or make arrangements to have it delivered.

Regardless of which way you order from us, you can rest assured that you will receive the finest nursery stock that is grown and prices that are consistent with good quality. If you are a new customer, a trial order will convince you.

**PLEASE READ BEFORE
 ORDERING**

GUARANTEE—We guarantee our stock to be true to name and to grow if proper care is given as per our instructions. If any of our stock purchased fails to start growing after being properly planted and cared for, we will allow one-half the purchase price as credit on replacement. (Roses are an exception to this policy and will be replaced free if they fail to live and bloom.) Any claims for adjustments must be made with us on or before July 1st on purchases made the preceding fall or spring. When making claims, it is necessary that you either send us the order number if you received it by mail or present your sales slip if purchased direct at our nursery. In no event will we be liable for more than the original purchase price.

DELIVERY—No charge for local delivery in City of Spokane or Spokane Valley on orders for \$3.00 or more. We are always glad to take your order by phone or mail and make delivery on day you specify.

SALES TAX—If you live and order from the State of Washington, please enclose 3% state sales tax. No sales tax for people who order from other states.

HOW WE DO BUSINESS

**PLEASE READ BEFORE
 ORDERING**

SPECIAL OFFERS AND SUBSTITUTIONS—In all special offers listed in this catalog, we reserve the right to substitute with varieties of equal or greater value when necessary. All "3 for" prices in this catalog apply only on orders to be shipped at one time to one address. Please note the special space provided on the order blank for substitutions. If you check "no", we will not substitute unless it is a special offer. If you check "yes", we will, if necessary, substitute to the best of our ability and you can be assured that you will have equal value for any money sent to us and in most cases more. If you do not check either "yes" or "no", we will use our own judgment at time of shipment with the understanding that you have given us your order in that manner.

SHIPMENT and PRICES—All of the stock listed in this catalog is for availability during the spring of 1952 and the prices quoted are subject to change at any time without notice. On all orders that permit us to ship through the mails, we prepay the postage. On orders for stock that are too large for mailing regulations, we send via express or Auto Freight at purchaser's expense. Due to the increased costs of labor and packing material, please add 10% to your order for packing charges.

All are '*Sunny Spokane*' Brand

Every Bush
2-year No. 1

RED FAVORITES

CHRISTOPHER STONE. A thrilling scarlet-crimson from tight bud until the last petals fall. Roses come and go but this will perhaps always be listed among the best reds. Regardless of price, variety or newness, Chris. Stone is our largest selling red rose. Fairly double. 2½-3 ft. Illustrated on back cover.

ETOILE DE. HOLLANDE. A comparison among rose growers for red roses. This rose has gigantic flowers of velvety-crimson that get lighter in color instead of "bluing" with age. Any rose-grower will vouch for this rose. 3-3½ ft.

POINSETTIA. We are only listing three red non-patented roses this year and Poinsettia is the third. We would have liked to have listed Nigger Boy again but the stock just wasn't available. Poinsettia has very well shaped buds and richly colored flowers of poinsettia-scarlet which suggested its name. Illustrated on back cover. Very large and double. 2½-3 ft.

YELLOW FAVORITES

JOANNA HILL. Orange-yellow buds opening to large, double flowers of cream and orange. Very popular for cutting. 2½-3 ft.

MCGREDY'S YELLOW. Bright buttercup yellow on very strong growing bushes. This rose is a consistent rose show winner despite some of the fine newer varieties. 2½-3 ft.

MRS. P. S. DUPONT. A very profuse bloomer that starts as a reddish-gold bud and opens to a golden yellow bloom. Moderate grower, not usually over 2½ ft.

PINK FAVORITES

PICTURE. A very fine rose for cutting and pretty as a "picture". To see the velvety-rose pink flowers is to want it. 2½-3 ft. Illustrated back cover.

DAME EDITH HELEN. Large fully double flowers of clear rose pink. This has been a favorite rose of ours for some years now. 2½-3 ft.

THE DOCTOR. Enormously large semi-double pink flowers that literally hold you spellbound as you view it. Plant this in your garden and watch people stop to look at it. Very fragrant and satiny. Not over 2½ ft.

TWO-TONE FAVORITES

AUTUMN. A remarkable combination of gold, burnt orange and red that will linger longer in your memory of the beautiful roses you have seen. Bush produces long stems with a foliage that is dark green and glossy. 2½-3 ft.

COUNTESS VANDAL. This is an old standby with us. An excellent performer in any garden. Color combination can hardly be described: Pink, copper, gold and salmon. 3 ft.

DUQUESSA DE PENARANDA. One of the few roses that has the "Peace" foliage. Almost pure orange flowers that we like very much but the foliage is what takes our eye. Foliage is definitely a part of what it takes to make a good rose. Peace, Fred Edmunds, and this rose have that very desirable foliage.

HINRICH GAEDE. Illustrated on back cover. Brilliant orange-scarlet flowers on very long stems. You will like this rose as one of the finest bi-colored roses in your garden. 2½-3 ft.

MRS. SAM MCGREDY. An exhibition rose that will be a winner in any rose show. Scarlet-orange that changes to copper as the bloom matures. Very delicately perfumed. About 2½ ft.

PRESIDENT HOOVER. Another consistent show winner. A very large flower of flaming scarlet and yellow in the bud, opening to soft creamy yellow and red. Very vigorous plant. 3½ ft.

TALISMAN. This is perhaps the best known and most widely planted rose in America. We don't like it too much but then everybody does not have the same taste. Rich scarlet and gold to deep rose and pale yellow. Fragrant and at its best when in the bud. About 2½ ft.

WHITE FAVORITES

FRAU KARL DRUSCHKI. Magnificent snow-white blooms with a touch of pink in the center. This is our largest selling white rose and we still think it is the best of all whites. 3-6 ft.

SNOWBIRD. Compact, bushy plant with excellent green glossy foliage. A very fragrant white creamy flower that begins with a long-pointed bud. 2½-3 ft.

HARDY!

VIGOROUS!

ALOHA. (Available only in limited quantities.) We haven't seen this rose as yet and can only give you the originator's description. Deep rose pink in bud opening to soft lilac pink. Coming in long stemmed clusters, the flowers are very huge. We will tell you more about it next year after we have seen it in bloom. Pat. 948. \$2.50 each.

AMERICAN PILLAR. Very hardy single rose, pink with a white center. Vigorous. \$1.50 each.

BILLY BOILER. Perhaps this variety has the most perfect non-fading blooms of any red climber. A very robust plant that grows to at least 14 ft. and produces deep blackish red blooms on long stems, perfect for cutting. Very fragrant. \$2.00 each.

BLAZE. Still our most popular of all climbing roses. You will see it everywhere in the month of June with its brilliant double red clusters. If you have one climber, this is it. Need we say more. \$1.50 each.

CL. AMERICAN BEAUTY. Old fashioned rose-red of enormous flowers. Very fragrant. \$1.50 each.

CL. DREAM GIRL. Coral-pink flowers that seem to come on all summer. A very popular rose in the East. Pat. 643. \$2.25 each.

CL. INSPIRATION. Everblooming sparkling pink that come on in early June and continue through October. Hardy and reliable. \$2.25 each.

CL. TEMPTATION. New rose red climber. Everblooming and very hardy. This rose is the answer to that question, "Do you really have a good Everblooming red rose?" Temptation is that answer. \$2.25 each.

NOTE:

While we do not guarantee it, 98% of all the climbers we sell will bloom some the first year planted. Why fool with inferior bushes, when you can plant STANEK'S SUNNY SPOKANE climbing roses. They are all JUMBO SIZE and "guaranteed to grow." There are no better!!!

CL. PINKIE. A new Cl. floribunda with the same type blooms as the bush. A very compact 6-8 ft. climber that no doubt will find a place in your yard where the ordinary climber would be too rampant. The glossy green luxuriant is almost hidden completely by the clouds of pink bloom. Best of all it doesn't stop with the first blooms but keeps producing cluster after cluster of bloom throughout the season. P.A.F. \$2.75 each.

CL. TALISMAN. Same as bush rose. Red, gold and yellow. \$1.50 each.

CL. PEACE. Cl. sport of the ever-popular Peace bush rose. Most people report finer blooms on the climber. This will be the first year we will have enough to go around. Pat. 932. \$2.50 each.

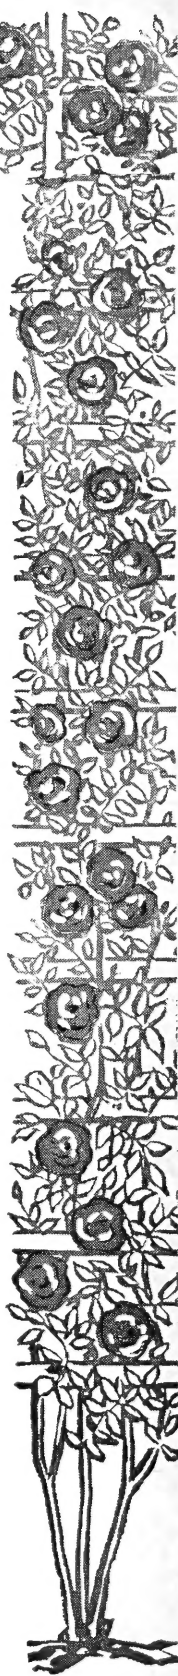

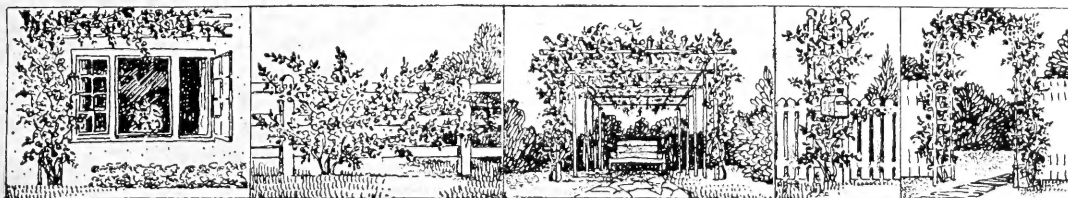

HIGH NOON. Everblooming yellow with hybrid tea like flowers. Needs some protection in our climate. \$2.00 each.

NEW DAWN. Rosarians everywhere agree that this is the finest hardy everblooming climber for any climate. Blush pink in color on long stems. Sometimes known as the Everblooming Dr. Van Fleet. \$1.75 each.

PAUL'S SCARLET. Still as popular as ever regardless of the new climbers that are being introduced each year. We will have to agree that the mantle of flaming color created by this variety each June is one of the most spectacular sights. Very hardy. \$1.50 each.

WHITE DAWN. Same growth and blooming qualities as New Dawn only the bloom is pure white. For a white climber, there is no better to our knowledge. \$1.75 each.

Floribunda Roses

Here's Why Floribunda Roses Are So Popular!

- They bloom in great clusters of 15 to 20 flowers all summer long . . . from June to frost.
- They are adaptable to every type of planting on your property. Excellent for beds, borders, backgrounds, hedges, specimen plantings,

foundation plantings and with evergreens and other flowers.

- Require very little care! Rugged, hardy, vigorous and disease-resistant.

- They give you more color, more blooms, more growth than any other flower!

- Also lovely in flower arrangements, as boutonnieres and corsages.

BETTY PRIOR. One of the finest floribundas for either massing or hedge work. Outside of petals dark carmine, inside several shades lighter. Flowers resemble those of the pink dogwood. 3-5 ft. Pat. 340. \$1.50 each.

DONALD PRIOR. Large clusters of red flowers on branching plants, giving off a damask fragrance. 2-3 ft. Pat. 377. \$1.50 each.

NEW!

CARROUSEL. A new red Floribunda that we have not grown or seen. The originator calls it "Indian Lake" red in color. Outstanding because the uniformly vivid dark red petals are practically unfaded even on the old flowers as they drop cleanly making way for the newly opening crimson buds. An unusually vigorous plant, abundantly clothed with large, semi-glossy, mildew proof, leathery foliage. Flowers are symmetrical large—3 to 4 inches, each having about 32 petals. It does have three things needful in a good decorative rose; abundance of bloom, flowers drop cleanly and mildew-proof foliage. \$2.00 each.

PINOCCHIO. The first of the Pinocchio family. Pink that is suffused with salmon. Excellent for cutting and mass display. Pat. 484. 3 ft. \$1.50 each.

RED PINOCCHIO. The ever popular Pinocchio in a rich glowing red. Fragrant. 2½ ft. Pat. 812. \$1.50 each.

WHITE PINOCCHIO. White flowers start as cream buds. Long lasting and double. P.A.F. 2½ ft. \$1.50 each.

YELLOW PINOCCHIO. Newest member of the Pinocchio family. Masses of bloom in apricot-yellow that literally cover-the plant. 3 ft. Pat. 992. \$1.50 each.

LAVENDER PINOCCHIO. (Available only in limited quantities.) Chocolate petals with yellow stamens. We don't like it but it could appeal to you. Pat. 947. \$2.00 each.

FASHION. One of the top floribundas being planted today. We do not know of anybody that is not enthralled by its fascination. Oriental red buds that are just waiting to burst out into exquisitely formed blooms in a sparkling new coral-pink that is suffused with gold. Very fragrant and a nice growth of about 3 ft. If you have one, you will want more. No illustration of this rose can do it justice. Plant three Fashion this spring and if you can honestly tell us that you don't like it, we will be glad to refund your money—that's the way we feel about this rose. Pat. 789. \$2.00 each.

FRENSHAM. English Gold Medal award winner. We like this outstanding new crimson red floribunda as our idea of what a rose in this class should be. Very bushy plants of about 3 ft. \$1.50 each.

MASQUERADE. A sensational riot of every color in the rainbow on one plant at the same time. Each bud is golden yellow with tiny vermillion marks. As the flowers open, each one changes from yellow to silver to pink to red. Each cluster will give you a full bouquet. 2½ ft. Pat. 975. \$2.00 each.

NEW!

NEW!

VOGUE. Illustrated fully on our cover this year. Vogue is the newest in Floribundas and winner of the All-America honors for 1952. It should be our largest selling rose during the season. A stablemate of the rose, Fashion, Vogue is bright, gay, coral-cherry in color, its vigor and wealth of bloom will make it the finest rose in your garden in its class. Add to this the exquisite form of both the bud and open flower, and you will see why Vogue is being hailed with such enthusiasm. This gorgeous floribunda produces immense clusters of perfectly-formed high-centered hybrid-tea like blooms—UP TO 4 INCHES across—really huge blooms for this type. Our cover illustration cannot possibly show all the radiance and glow put out by this rose. And VOGUE'S delicate Carnation scent will completely captivate you!

Hardy, vigorous, with dark rich green disease-resistant foliage—it grows and grows with a minimum of care! And it is one of the most useful of all plants—perfect for hedge, border, foundation plantings, picture window plantings—adds new beauty and color in front of shrub, evergreen, perennial borders—ideal for all-season color to your bare spots in the garden! You will agree that Vogue stands alone for beauty, fragrance, continuous color, ease of growth! Plant 3 or 6 plants this spring for the finest show you have ever had. 3 ft. Pat. 926. \$2.25 each; 3 for \$6.00.

PINKIE. Dainty little pink buds that open to a flower of about 2 inches across. Very nice for cutting and use in arrangements. 1½-2 ft. Pat. 712. \$1.75 each.

ROSE ELFE. Miniature-like hybrid tea flowers that are silvery rose pink in color. The gardenia-shaped flowers are on this plant continually. Too bad that this dainty little rose is not planted more, it could easily become a favorite of everybody. 2½ ft. \$1.50 each.

VALENTINE. A new floribunda that we listed for the first time this past year. Valentine was easily one of the "most commented about" roses in our own field this past summer. Never without bloom, this 18 inch high, rich dazzling red, semi-double floribunda, really took the "Ohs" and "Ahs". To give your garden a splash of color, Valentine will do it. Pat. 1029. \$2.00 each.

TAPIS. Another fine new rose from the originator of Peace. Pink that we like to call a deep, soft Tyrian-rose. The double miniature-like hybrid tea blooms hold their shape very well. A gem for corsages. 3 ft. Pat. 960. \$1.50 each.

WORLD'S FAIR. Still very much a favorite in the red floribundas. Clusters of velvety rich scarlet that are fairly double. The ideal type of plant to make your garden the envy of your neighbors. Pat. 362. 2 ft. \$1.50 each.

RED FAVORITES

CHARLOTTE ARMSTRONG. The originators of this rose, calls it "Queen of Them All," and well it may be. Winner of the sole 1941 AARS award. Its long, slender, cerise buds and magnificent open flowers make it very popular. Fine for cutting and a consistent show winner. Pat. 455. \$2.00 each. Illustrated inside front cover.

CRIMSON GLORY. Always listed in any "10 Most Popular Roses in America" survey, Crimson Glory is a deep, vivid crimson flower that stands erect on vigorous bushes. It really has the fragrance and has been selected by the American Rose Society as one of the sweetest smelling of all roses. Pat. 105. \$1.75 each.

NEW!

NEW!

CHARLES MALLERIN. This new rose which we are offering for the first time this year, was originated in France by the man who brought us Peace. A gorgeous rose with blooms of midnight crimson velvet. Fairly double and the petals have that texture which we all desire in a rose—so velvety that it looks like real velvet. Oh yes, it also has the fragrance too. What more could you ask for? We know that it does not have a classy, ear-catching name as some other red roses, but that is not important in our book. You can talk about "The Best Red Rose of all Time," but we wouldn't hesitate one bit to eat this whole catalog if you won't agree with us that this is the finest red-rose to date. Why it is marvelous. Pat. 933. \$2.50 each. Illustrated inside front cover.

(Note: The only red rose we know of that will hold a candle to Charles Mallerin is the fairly new English rose, Ena Harkness. Sorry that we didn't have Ena Harkness to offer this year but look for it next year.)

HAPPINESS. Another new rose from the originator of Peace. Very brilliant red petals that are firm and heavy with the outer petals curling to points in layer after layer about the very solid center. We only know it as a very popular greenhouse rose, but they say it is even better when planted in the garden. 3 ft. Pat. 911. \$2.50 each.

MIRANDY. Large double dark red that seems to do better in warm weather. Spicy fragrance. Pat. 632. \$1.75 each.

NEW YORKER. Illustrated inside back cover. Called by the originator as "The Best Red Rose of all Time." While we don't exactly agree with him, New Yorker is worth a place in any garden—even two or three of them if you like an enormous red rose that stays red until the last petals wither and fall. 3 ft. Pat. 823. \$2.00 each.

NOCTURNE. Illustrated inside back cover. Bright cardinal-red with blackish shadings. Very nice form in the bud. Pat. 713. Does well with everybody. 3 ft. \$1.75 each.

TALLYHO. AARS winner for 1949. We used to list this as a pink rose, but the American Rose Society says it is red so we are listing it that way. Tallyho has a combination of all the virtues of a good rose. Tyrian Rose with a reverse of brilliant crimson. We like it very much. 2½-3 ft. Pat. 828. \$2.00 each.

YELLOW FAVORITES

ECLIPSE. This rose, in our estimation, has the nicest buds of any rose. Long-pointed, deep yellow with a fairly large semi-double flower. 3 ft. Pat. 172. \$1.75 each.

PEACE. If you were to have one rose in your garden, we would say that this was it. A consistent prize-winner. Perhaps the chief beauty of this rose is the great range of colors through which it passes. The large ovoid shape bud emerges to a fully 5 inch bloom with shades of canary yellow, pale gold, cream, pearly white and apple blossom pink. The color also varies with the season. It seems that no two plants produce the same color of blooms—each one a little different. The very best of foliage on a very strong plant. Pat. 591. 3-4 ft. \$2.50 each. Illustrated inside back cover.

SUTTER'S GOLD. This rose has won about every award, both on the Continent and U. S. Long pointed yellow buds which are richly shaded with orange and red. The open flower is golden yellow with a very rich fragrance. Foliage is excellent. Sometimes mistaken in the fading flower for Peace. We like this rose very much and recommend it. 3 ft. Pat. 885. \$2.25 each.

ELINOR LeGRICE. An exceptionally large golden yellow rose that gives unflinching blooms. Very unusual spicy fragrance that will really fill your home from one end to the other. Long stems that make ideal cutting. 2½ ft. Pat. 917. \$2.00 each.

LOWELL THOMAS. We still keep this rose as our favorite pure yellow that does not fade too much. It seems to do well in all parts of the country. The only complaint that we had is the weak plant but this can easily be remedied by a little Sunny Spokane Plant Food. Good stems that have excellent foliage. 2½ ft. Pat. 595. \$2.00 each.

GOLDEN SCEPTOR. (Only available in limited quantities.) This is a sparkling new golden yellow rose. We have never seen it in bloom and are only listing it for a few of our customers who have asked us to get it for them. 3 ft. Pat. 910. \$2.50 each.

NEW!

NEW!

FRED HOWARD. Illustrated on inside front cover. One of the three All-America Winners for 1952. Originated in our own West this rose has that golden yellow color that we find in our own sunsets. Very double with about 50 petals. Very huge grower, sometimes to 5 ft. On some of the golden yellow flowers you will find a tip of pink. We like this rose when it is about half open. A very slight fragrance. With so many new roses introduced each year, the competition becomes keener for All-American selection. The jury is getting more discriminating in its awards. You can rest assured that any rose which receives this coveted honor will do well in your garden and we know that Fred Howard is no exception. 3-4 ft. Pat. 1006. \$2.75 each.

CHIEF SEATTLE. Named in honor of the Indian Chief who founded the city of Seattle 100 years ago. Illustrated on inside back cover. Buff apricot in color, the petals are fluted or ruffled. Long straight stems with olive green foliage which makes it one of the finer roses for cutting. Also only one bud to a stem. It has very double flower of about 60 petals that only opens well for us during the hot weather, but when it does open perfectly you will have nothing to desire. 3-4 ft. Pat. 1030. \$2.50 each.

More NEW Roses

ORANGE AND TWO-TONED FAVORITES

FORTY-NINER. One of the most brilliant of all bi-color roses and certainly one of the most attractive. Vivid red with straw yellow on the reverse. Vigorous plants with very nice foliage. Pat. 792. \$2.00 each.

FRED EDMUNDS. Beautifully shaped orange colored buds open to apricot orange flowers. Green glossy foliage. 2½ ft. \$1.75.

MME. HENRI GUILLOT. Don't let the name trip you up; just call it "Madam Henry" like we do. Foliage very leathery like Peace. Blooms of watermelon to raspberry pink with a gold base. Pat. 337. \$1.75 each.

MISSION BELLS. An All-American winner for 1950. To get top honors in the rose world today, a rose must have vigor and Mission Bells qualifies in every respect with a strong heavily branched plant, attractively foliaged, nearly always in bloom. Its pointed well-shaped buds are a deep glowing salmon-pink, opening to full high-centered flowers of clear shrimp pink. Richly fragrant. 3 ft. Pat. 923. \$2.25 each.

TAFFETA. Like most two-toned roses, this one somewhat variable according to the season, the soil and the climate. The predominate colors are orange, begonia and carmine with some yellow and gold at the base. Foliage is a very dark green that turns to mahogany red at maturity. 2½ ft. Pat. 716. \$1.75 each.

PINK FAVORITES

CAPISTRANO. Capistrano is a magnificent pink rose, and when you bring it into bloom in your own garden you readily see why it won All-American honors for 1950. Clear rose-pink buds that do not change until the last petal drops. Long straight stems with very attractive leathery foliage. Pat. 922. 3 ft. \$2.25 each.

FIRST LOVE. This is sure to be the "First Love" in your garden if you enjoy sensational buds—and who doesn't. Urn-shaped, long and slender dawn pink buds that simply steal your heart. The open flowers are lovely, too, with each delicate pink petal gracefully pointed. We wish we had room in this catalog to show you an illustrated cut. 3 ft. Pat. 921. \$2.25 each.

JUNO. In no other pink rose will you find such large size, clear color, perfection of form and long lasting substance. It will give you magnificent individual flowers for cutting that are exhibition quality. Clear pink without other shadings. Lacks fragrance but perfect otherwise. Pat. 895. 4 ft. \$2.00 each.

K. T. MARSHALL. A soft-salmon pink of lovely form. Long lasting; heavy petals; fine for cutting. Pat. 607. 3 ft. \$1.75 each.

SUZON LOTTHE. Suzon's peach-colored buds hold their high, peach colored centers while row after row of outer petals slowly roll open to show their tints of pearl pink. Sometimes you will notice a deep pink where exposed to the sun and pearly white where another petal has overlapped. Very sheen and smooth texture, delicious fragrance. Originated by the man who gave us Peace. 3 ft. Pat. 934. \$2.50 each.

SYMPHONIE. We like to think of both Suzon Lotthe and Symphonie as roses in the "Peace Class". Together with Charles Mallerin, they have been originated by Francis Meilland, the man who gave us Peace. Symphonie is very much pink. The color is made up of luscious pink that goes over a silvery tint. We particularly like the veins in the flower that spread a fine pattern, like a silken net, of deepest carmine pink. Blooms are huge on a very strong plant. It could almost be called the "Pink Peace". Illustrated on inside front cover. Pat. 958. 3½ ft. \$2.50 each.

RHAPSODY. This is a new rose that we have listed to take the place of Lulu. Very streamlined two inch urn-shaped buds that are unsurpassed for boutonnieres, corsages and bouquets. Orange tints inside with a terra cotta hue outside. Petals veined. Alluring sweet perfume fragrance. We suggest that you plant three of them this year to insure that you have plenty of flowers for arrangements. Also see our special offer No. 7 on page 7 which includes this rose. 3½ ft. \$1.50 each.

NEW!

HELEN TRAUBEL. All-American Winner for 1952. Illustrated on inside front cover. Originated by Herb Swim of Armstrong's who has given us so many fine roses. Named after one of America's greatest concert artists. The color of Helen Traubel varies with the weather—sometimes a light sparkling pink, more often a luminous apricot color. (The pink seems to predominate in our Spokane area.) The unusually large, long, sleek buds are magnificent in themselves. The half-open flower maintains a delightful fullness of form, and even when full blown, the big petaled flowers display the lovely color in a lavish way. The flowers are often 6 inches across but always graceful. It has a mild pleasant fragrance. 3½ ft. Pat. 1028. \$2.75 each.

MAY WE MAKE A SUGGESTION

When planting roses, try to plant at least three of one variety together. This will give you more color, and more flowers of the same kind for cutting. We believe too many people make the error of having only one of a kind in their garden. Why not choose the varieties you like best and then plant at least three of them in a group. Try it and you will see what we mean. You can also save substantially by ordering 3 or more roses of one variety.

TAKE ADVANTAGE OF THESE QUANTITY RATES

Three \$1.75 roses of one variety, \$4.65
Three \$2.00 roses of one variety, \$5.25

TREE ROSES

for "Eye-Level" Beauty

For giving your garden a formal touch, nothing can equal the tree rose. If you love roses and wish to see them at their utmost perfection, plant several in your garden this year. Tree roses are easy to grow and much easier to protect during the winter than climbing or regular bush roses. Each tree rose we send out has full instructions for both planting and winter protection.

Just 10 minutes work in the fall and another 10 minutes work in the spring using our simple protection method will assure your garden of that professional look that only tree roses can give it. Plant tree roses to give your garden height and accentuate any spot with beauty. The blooms produced on tree roses are superior in both size and color to those produced on regular bush form. We will have the following varieties to offer for spring, 1952:

Eclipse. Yellow.	Christopher Stone. Red.
Lowell Thomas. Yellow.	Crimson Glory. Red.
Peace. Yellowish-pink.	Charlotte Armstrong. Red.
New Yorker. Red.	Duquessa De Penaranda.
Red Pinocchio. Red.	Orange.
Yellow Pinocchio. Yellow.	Floradora. Cinnabar red.
Goldilocks. Yellow.	Picture. Pink.
Suzon Lotthe. Light pink.	Fashion. Peach.
Sutter's Gold. Yellow.	Show Girl. Pink.
K. T. Marshall. Pink.	Snowbird. White.
	K. A. Victoria. White.

\$6.00 each; Two for \$11.00.

SHRUB ROSES

These shrub roses are particularly valuable for hardiness and ability to thrive under adverse conditions of soil and climate, withstanding almost anything. We use them in shrub borders and for straight hedges.

AUSTRIAN COPPER. Single, brilliant orange-red.

HUGONIS. Light yellow. Often called "Golden Rose of China."

STANEK'S "SUNNY SPOKANE" ROSE FOOD

**FAST ACTING! LASTS LONGER!
EASY TO USE!**

Anyone can grow perfect roses with our new formula "SUNNY SPOKANE" rose food. Good happy, healthy roses require a liberal supply of balanced rose fertilizer. Put your roses on the road to health this season with a rose food that has been designed especially for us by rose and soil experts. "Sunny Spokane" food is a quick stimulant—a small quantity will provide wonders with bigger, healthier blooms and plants. **ECONOMICAL TOO!!!** Only two tablespoons per plant three times each growing season.

RUGOSA RUBRA. Large single flowers of pink and magenta.

AGNES. Double yellow. Fragrant.

DR. ECKENER. Large semi-double flowers of coppery rose.

HANSA. Double red flowers of large size.

GROOTENDORST SUPREME. Deep crimson red. Carnation-like bloom.

THE FAIRY. A hardy, continuous-blooming 3-4 ft. bushy shrub rose that requires no spraying. Countless rosettes of sea-shell pink come in large sprays from June till frost. A perfect joy for hedge or specimen.

\$2.25 each; 3 for \$6.00.

Miniature Roses

Sorry that we do not have our usual complete offering of these very popular Dwarf Fairy Roses. As soon as the supply is normal again, we will offer the complete collection in future catalogs. We do have the following two varieties in limited quantities only:

ROULETTI. Double rose pink. About 6 inches tall.

OAKINGTON RUBY. Double crimson. About 12 inches tall.

Both varieties, \$1.00 each.

The descriptions of all roses and comments in this catalog are our own. Please remember that soil conditions, climate and personal care might have tendency to alter our descriptions when grown in your own garden.

A Visit TO OUR NURSERY SALES AND DISPLAY GROUNDS AT E. 2929-29th AVENUE SHOULD PROVE TO BE PLEASANT,

PROFITABLE

Beautify and Improve Your Home Grounds

and INFORMATIVE...

Most of us realize the importance of Landscape beauty in relation to our Homes, our Streets, Municipal Parks, Memorial Parks, Institutions and Industrial Sites everywhere.

It is so very important to have the right tree, the right shrub and the right plant in the right place. It takes some imagination to visualize the ultimate beauty and effect that one creates when planting suitable sizes. In all of these matters, our trained horticulturists are here to help you and to advise in detail what, when, and where to plant. We therefore invite you to come to the nursery to see the plants; most of them will be ready for you to take right along home during planting seasons.

Headquarters for Landscape Material

We are headquarters for landscape material. Space does not permit us to list all of the Evergreens and Broad-leaf Evergreens that we have in stock. A complete line of Junipers, Arbor Vitae, Yews, Cypress, Rhododendrons, Azaleas, Magnolias, Boxwood and Viburnums will be found at our nursery. If you are looking for something "distinctive" in a shade or ornamental tree, we have a complete array of Cut-leaf Maples, Silver Maples, Sugar Maples, Hackberry, Coffee Tree, Golden Rain, Sophora Japonica, Oaks, Hawthornes, Corkscrew Willow, Fraxinolia and Elms. Why not visit us this summer when trees are in full leaf. We will be HAPPY to show you these new and different types of landscape material and give you FREE advice on the landscape of your own yard.

CHARGE ACCOUNTS INVITED

If you are a new customer, we shall be glad to open a charge or budget account for you. Any of the items listed in this catalog can be sent to you or our landscape work can be arranged either on an Open Account or Budget Payments with NO INTEREST CHARGE.

If you wish this service, send us the names of two or three firms that you regularly have accounts with and we shall open an account for you.

IF YOU CANNOT VISIT OUR NURSERY, WHY NOT...

Send us a sketch and a snapshot of your grounds. We will be glad to make suggestions for layouts and the proper material for planting. If you can visit the nursery, bring your sketch and snapshot along; it will give us a better idea of the specific problems that are confronting your individual case.

During the course of the year, our landscape work carries us to all portions of the Inland Empire. A postcard advising us that you are interested in landscaping your grounds, will enable us to call on you the next time we are in your vicinity. If you live in Spokane or Spokane Valley, a phone call will give us a chance to call on you immediately.

"On the spot" discussions of your landscape problems with our professional landscapers will save you money in the long run. THERE IS NO CHARGE FOR OUR ADVICE OR ESTIMATES. The work does not have to be done all at once. We have many accounts who are carrying our scheme of landscaping over a period of years, doing a portion at a time when they are financially able.

Living Gifts

A gift that grows is a constant reminder of the occasion, certain to be appreciated by your friends with gardens.

IDEAL FOR

Birthdays	Valentine's Day
Anniversaries	Memorial Day
Mother's Day	Easter
Father's Day	Christmas

Send us the name of the recipient and what you want to give. We will either send it immediately if in planting season, or notify them by appropriate card that they have a gift coming at the proper time to plant.

GIVE A GIFT THAT LIVES

EASY TO PLANT "OUT-OF-SEASON"

Our modern methods permit us to move most of the stock listed in this catalog during any time of the year that we can dig the ground. There is a great demand for this type of service to fill in any bare spot that may develop in your garden during the flowering season. You can select your plants by foliage and by flower (important with roses if you like to buy them in bloom). Items handled this way are not shippable and can be obtained only at our nursery or we will deliver in Spokane and vicinity.

EARLY BLOOMING

MOUNDS OF COLOR

APRICOT GLOW. Rich apricot bronze of nicely formed blossoms. Dense 15 in. plant. Early September.

BUTTERBALL. Double, ball-like, dark lemon yellow flowers produced profusely on low, compact plants. 18 inches. Mid-August.

CANARY. Very good pale yellow. Height 1 ft. September 1st.

CONQUEROR. This is one of our finest varieties. Wanted to bring it to you last year, but the stock just wasn't available. A lovely deep red on very strong stems. 3 ft. September early.

CONNIE HALL. Light purple, almost pink. One of the finest early blooming mums. September 1st. 2 ft.

EMU. Free flowering and very early. Flowers are rose-red, that completely cover the plant making a mound of about 10 inches.

EUGENE A. WANDER. A big, brilliant, glistening, golden yellow beauty, flowering so freely that the stocky plant is almost obscured by its branching clusters of big double flowers. 18 inches. Early September.

FRED ROCKWELL. The most gorgeous blending of bronze and orange scarlet tones ever seen in a pompon. In full flower during mid-September and enduring any early frosts that we may have. 24 inches.

GERTRUDE. Salmon pink. Darker on the outside, getting lighter towards the center. September 5th. 2 ft.

"MUMS"

GOLD STANDARD. Real lemon-chrome. Nonfading. Should be disbudded to larger flowers. Height 3½ ft. and very outstanding. Early September.

GOLD CARPET. A very fine new mum that we believe will become very popular. For edging, bedding, rock garden or hanging over low walls, it has no superior. It almost creeps along the ground which makes it appear as a "Gold Carpet". Fully double golden flowers on a plant about 12 inches high. Very hardy. September 5th.

HARBOR LIGHTS. Yellow and white; very well named as it seems to glow with light. Late August. 24 inches.

MRS. JOHN SMEARDON. Combination of old rose and bronze that should be disbudded for the finest blooms. 30 inches. Early September.

RUBY. Large ruby red flowers on a very shapely plant. Disbudding brings it to perfection. Early September.

SEPTEMBER BRONZE. Golden-bronze, cushion type pompon. Flowers very frost resistant. 2 ft. Early September.

SEPTEMBER YELLOW. Large flowering primrose-yellow. Should be disbudded for best results. 3 ft. Early September.

PLEASE NOTE—All of the blooming dates and heights given after each variety are as they grow in our nursery. Certain soil and climatic conditions may change their habits in your own yard.

SILVER SPOON. The finest of all the spoon-type mums. Silver sheen that is undescrivable. 2 ft. Early September.

SILVER QUEEN. Almost white in color, the petals are slightly curved. Early September. 2 ft.

SWANSDOWN. Very good plant producing pure white flowers. The best pure white we know. 2 ft. Early September.

SNOWFALL. White on outer part, cream in the center. Rather tall. 30 inches. Late August.

UNA. Our largest selling mum outside of cushions. Bright pink with silver reverse slightly incurved. Excellent plant. 30 inches. Early September.

CUSHION OR "MILLION MUMS"

Low growing mums forming mounds of blooms, reminding one of the old fashioned azalea. The plants grow about 10 to 12 inches high. Try our improved strain for early blooms. We have them in five colors.

FILBERT. Purple leafed shrub that holds its color all summer. Planted mostly as a specimen shrub and for its attractive foliage. 3-4 ft., \$2.50 each.

FLOWERING ALMOND

Very popular as the shrub which covers every twig and branch with dainty little double pink flowers that remind one of miniature roses. 2-3 ft., \$2.25.

FORSYTHIA

Intermedia Spectabilis. Yellow, early blooming spring shrub that is very popular. This variety has the largest, darkest flowers. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

Spring Glory. This new forsythia is without question the loveliest of all Golden Bells. The large pale yellow flowers completely cover each branch with a mass of bloom. Twice the bloom you will find on other forsythias. There is nothing that will make you forget winter as quickly or announce spring as flamboyantly as Spring Glory. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

Suspensa or Weeping. Very slender pendulous branches with golden flowers in April. Excellent for covering banks and slopes. 3-4 ft., \$2.50.

GOLDEN PRIVET

New hardy privet that carries golden-yellow leaves, providing a wealth of interesting contrasts from early spring until late fall. Develops a neat compact shrub that can be trimmed into any shape. Suitable for both individual specimen or hedging. 18-24 in., \$2.00.

HONEYSUCKLE

Zabeli. We believe this to be the finest of all red honeysuckles and have discarded our other varieties in favor of it. 3-4 ft., \$2.50.

Korolkowi. Broad blueleaf honeysuckle. Beautiful foliage, white flowers. 18-24 in., \$1.50.

Morrow. Spreading habit, attractive foliage. White flowers in May-June followed by red berries. 18-24 in., \$1.50.

KERRIA

Double Japonica. Double orange flowers in the early spring and continuing intermittently throughout the summer months. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

SELECT YOUR OWN EVERGREEN TREES SHRUBS, and ROSE BUSHES

It is impossible to list all the plants we grow. The larger trees, specimen evergreens and shrubs that require transplanting with a large ball of earth, are mainly for local sales: it is obvious why it is not practical or economical to transport them any distance by rail.

Our "Balled and Burlapped" Evergreens, large broadleaf Evergreen and Deciduous Shrubs, Rhododendrons and Azaleas, large Fruit Trees, Vines, Perennials, are usually ready for "Cash and Carry" sales at proper planting seasons. Well informed salesmen are ready to assist you to make your garden a part of your home life. Our business is not only to produce good plants but to advise you how to use them. For the benefit of those who cannot visit us weekdays, we are open Sunday 9:00 to 6:00, during the planting seasons.

HANSEN BUSH CHERRY. Covered with white flowers in the early spring, followed by dark fruit-like cherries that are attractive and eatable. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

HAMAMELIS (Witchhazel)

Ideal for most places with partial shade. Yellow flowers in late autumn. 18-24 in., \$2.00.

HYDRANGEA

Arborescens. Large, double snow white flowers in June and July. Thrives in shady places. 2-3 ft., \$2.50.

Paniculata. Often called "P.G. Hydrangea." Very popular shrub with huge, conical heads of flowers that turn pink as they age. Blooms in August. Bush type. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

NEW!

NIKKO BLUE

NEW!

Most beautiful of all hardy hydrangeas. In acid soil, flowers are blue. In alkaline soil they turn pink. We recommend that you grow this plant in partial or full shade. To make your soil acid, water every two or three weeks with aluminum sulphate (two tablespoons to a gallon). 2 yr. old, field grown plants that are of the size to please you for only \$3.00 each.

Patent No. 538.

This new virginalis, "Minnesota Snowflake," is undoubtedly the most valuable new shrub that we have to offer. Pure white flowers that are very fragrant. Perfectly hardy in any area and unlike most other Mockoranges, Snowflake will hold its vigorous foliage on the lower branches to take away that "leggy-look" so common to other types of shrubs. Blooms heavily in June and July and intermittently until frost. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

RIVERS PURPLE BEECH. No flowers on this shrub but it possesses the most outstanding foliage of purple that you will find on any shrub, and one that will give your garden that unique atmosphere. This is something that you won't find in everybody's garden. 2-3 ft., \$5.00; 4-5 ft., \$8.00.

RUSSIAN OLIVE. Attractive shrub planted mostly for its silver gray foliage. Very hardy. 3-4 ft., \$2.50.

SMOKE TREE. An attractive specimen continuously from early spring until late fall; particularly fascinating in July, when it carries a great mass of filmy purplish clusters that resemble a rising cloud of smoke. Its flat leaves are stained pink, when young, and are of yellow and purple in autumn. 2-3 ft., \$2.50.

SPIREA

Anthony Waterer. Flat heads of rosy-pink flowers are borne all summer on these popular, compact, dwarf shrubs. Attractive foliage. 12-15 in., \$1.50; 15-18 in., \$2.00.

Billardi. Bright pink flowers in spikes. Blooms in July and September. 3-4 ft., \$2.50.

Caryopteris (Blue Mist). Often called Blue Mist or Hardy Blue Spirea. Low growing shrub covered with numerous clusters of powdery blue, fringed flowers from August to frost. Very attractive silvery green foliage. Very new and dainty. We recommend this hardy shrub very highly. No. 1 bushes, \$1.50 each.

Prunifolia. The true bridalwreath spirea. Produces great masses of double white flowers that are very showy and excellent for cutting. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

Thunbergi. A fine display of white bloom in early spring prior to leaves. Foliage is soft and feathery. Rather spreading habit. 3-4 ft., \$2.50.

Van Houtte. A graceful, pendulous shrub surpassing all other spireas with its superb gracefulness. The most widely planted of the spireas. 2-3 ft., \$1.50; 3-4 ft., \$2.00.

TAMARIX

Hispid. A beautiful shrub with bright pink flowers in June and July. Very hardy. For best results with this shrub, cut back to the ground every two years. As they are rather hard to start, we give them a severe pruning prior to shipment. 3-4 ft., \$2.50; 2-3 ft., \$2.00.

TREES IN SHRUB FORM

Because of the demand, we are now growing the following trees in shrub form. While they grow larger than the ordinary shrubs, they do find a use where you might want a little height and yet give you shrub effect. Use them in the background of your shrub plantings, along drives and as individual specimens.

Hopa Crab Nanking Cherry
Eleyi Crab Prunus Triloba

All are 2-3 ft. and priced at \$3.50 each.

SYMPHORICARPUS (Snowberry)

Chenaulti. Small blue to green leaves, pink blossoms, red fruit. 2-3 ft. \$2.00.

Vulgaris. Hardy red snowberry that succeeds everywhere. Coral-red berries. 2-3 ft. \$2.00.

VIBURNUM (Snowball)

Highbush Cranberry. Well known hardy shrub, single white flowers in April-May, followed by scarlet fruit that hangs on all winter. Very attractive and showy. 2-3 ft., \$2.00; 3-4 ft., \$2.50.

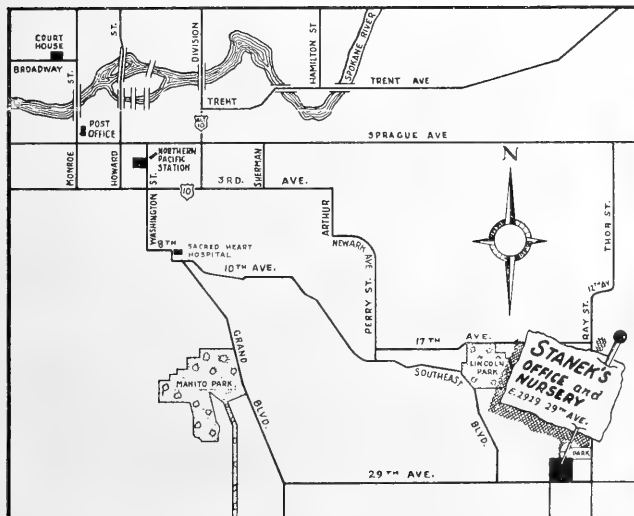

WEIGELA

Bristol Ruby. Our newest Weigela. Hardier and more vigorous, it makes a shapely, thrifty plant with attractive rich green foliage. Color is soft ruby red, extremely pleasing in effect and without harsh tone. The bush is perfectly formed, a well rounded specimen requiring very little pruning because it flowers well from old wood; no die-back or uneven growth at any time. We have discontinued all other varieties in favor of this one. 2-3 ft., \$2.00.

DO NOT BE MISLED

by some catalogs which list "Mailing size" or "Sturdy size" for shrubs or evergreens. "Circumference" instead of "Diameter" on bulbs. All of the stock that we have to offer is of No. 1 quality as graded by the standards of The American Association of Nurserymen. Be sure you get the size that you think you are going to get.

BARBERRY

Thunbergi. Green foliage with yellow flowers. Brilliant foliage in autumn with red berries. Hedging size, \$6.00 per dozen.

Red Leaf. Same as above except foliage is red or purple throughout summer. Hedging size, \$7.00 per dozen.

CARAGANA (Pea Shrub)

Very hardy bush with yellow flowers in May and June. If you have some spot where nothing else will grow, try caragana. It needs no care! Hedging size, \$5.00 per dozen.

DWARF BLUE ARCTIC WILLOW

A low growing willow suited for dwarf hedges. Grows anywhere in any type soil. Can be clipped for formal effects or left natural as desired. What more could be desired for a hedge. Hedging size, \$5.00 per doz.

PRIVET

English Privet. Dark green foliage that hangs on nearly all winter. 4 canes and up. \$4.00 per dozen; \$30.00 per hundred.

Lodense. The finest plant for a low hedge or border. Very dwarf habit. We recommend this very highly. Can be used also as individual plants; nearly evergreen. 75c each; \$70.00 per hundred.

RUSSIAN OLIVE

Silver grey leaves, white berries. Very tough; nothing penetrates through this plant when used as a hedge. Hedging size, \$3.50 per dozen.

SPIREA

Van Houtte. Very popular for a graceful hedge. White flowers in spring; good foliage. Hedging size, \$6.00 per dozen.

HONEYSUCKLE

Zabeli. Good grower with red flowers. Hedging size, \$6.00 per dozen.

ROSA MULTIFLORA

Has become increasingly popular for use on farms and small acre tracts. Takes the place of wire fences and forms a dense mass which no animals can penetrate. Hedging size, \$2.50 per dozen.

Flowering Trees—

INCREASE THE VALUE
and BEAUTY of Your Home

The final touch needed to complete a garden scheme is the proper placing of a desirable tree. They may be used as accents; to outline paths and borders; to provide welcome shade; to furnish interesting patterns of light and shadow; to supply flowers, berries or foliage effects; or to add a feeling of quiet to the garden atmosphere.

DOGWOOD

Pink Flowering. One of the finest small growing ornamental trees; too often overlooked for use in the small yard. Pink flowers in the spring. The foliage colors very attractively in the autumn. 2-3 ft., \$5.00; 3-4 ft., \$7.50; 4-5 ft., \$10.00.

FLOWERING PLUM

Blireiana. Early flowering, double pink. Striking red foliage. 3-4 ft., \$3.50; 7-8 ft., \$7.50.

CISTENA. The most talked about tree in our nursery this past summer. While not quite as dark as Thundercloud, its reddish color is really distinct from any other red. It really makes you stop and look. White blooms in early spring. Very low branching, it can be used as a shrub where the height and spread is desired. 5-6 ft., \$6.00.

Newport. Hardy upright grower maintaining its reddish purple color until leaves drop. 3-4 ft., \$3.50; 8-10 ft., \$10.00.

✓ **Sapa.** Green leaves throughout the summer. We like this variety as having the most fragrant blooms of any tree we know. White in color, the fragrance of the blooms almost knocks us over when we pass our block that we have in the field. 3-4 ft., \$2.50.

✓ **Thundercloud.** Rich dark red foliage that really stays red until the last leaf drops. Pink bloom. One of the finest. 5-6 ft., \$6.00; 10-12 ft., \$12.00.

Triloba. The most popular of all flowering trees. Small rosettes of pink flowers that literally cover each branch in the early spring. Often called "Rose of China." 3-4 ft., \$3.50; 4-5 ft., \$5.00; 5-6 ft., \$6.00.

GOLDEN CHAIN

Vossi. Beautiful small tree with bark of pea-green. Very graceful fragrant long chains of golden yellow flowers. 6-8 ft., \$7.50; 10-12 ft., \$15.00.

WEeping CHERRIES

Double Subhirtella. Double pink. Weeping growth.
Double Serrulata. Double pink. Arching growth.

Prices both varieties, heavy specimens, \$10.00.

HAWTHORNE

Paul's Scarlet. Wide spreading spiny branches, the head equaling the height in diameter. Bright double-flowered in abundance during May. 4-5 ft., \$4.00 5-6 ft., \$6.00; 6-8 ft., \$8.00.

FLOWERING CRAB

Atrosanguinea. Carmine flowers with attractive fruit that hangs on most of the winter.

Bechtel's. Large double pink and one of the most popular. The variety we now have has fragrant blooms.

✓ **Eleyi.** Best of the purple-leaf crabs. Pink blooms borne in profusion. Red fruit.

✓ **Hopa.** Very upright growing. Crimson buds, rose flowers. Fruit red that hangs on until late fall.

Floribunda. Pink buds, white flowers. Yellow fruit that hangs on all winter. Very attractive at any time of the year.

✓ **Scheideckeri.** Compact upright growth. Single rose blooms. Very popular.

NEW!

NEW!

The following two new flowering crabs are what we believe to be the best of the newer varieties that have been introduced in the last several years. If you are looking for a new ornamental tree that you won't find in everybody's yard, **Almey** and **Morden 454** will give your yard that distinct look. We especially recommend these two trees for the newer ranch type homes that do not have too large a lot.

✓ **ALMEY.** Large blossoms of glistening red petals. The white markings at the base of each, gives the effect of a five pointed star. Usually blooms the first year planted. Scarlet fruits are retained until spring.

✓ **MORDEN NO. 454.** Narrowly pyramidal that suggests the outline of Bolleana Popular. It is the deepest purplish red in leaf and darkest in bark color of crab group. Buds are deep red opening later to small rosy flowers that are in pleasing contrast to the dark color of foliage and branches. The cherry-red fruit hangs to the tree until spring. While this tree will have many uses, we can think of that telephone pole that sits on the back of your lot in the alley. The pyramidal shape of this tree will take care of the unsightly pole but still not interfere with your view.

Prices on both **Almey** and **Morden No. 454.** 3-4 ft. \$6.00; 5-6 ft. \$7.50.

TREE HYDRANGEA. Same as bush type hydrangea. Very attractive when used as an individual specimen in the middle of your lawn. Heavy specimens, \$5.00.

ORNAMENTAL LAWN and STREET TREES

STRAIGHT STEMS • WELL BRANCHED • HEAVY-ROOTED • BIG VALUES

ASH

Green. Very good green foliage. It thrives over a wide area and is ideal for dry cold climates. 8-10 ft., \$8.00.

(Note: See Mountain Ash listed on next page.)

BIRCH

Cut-Leaf Weeping. White bark. A pyramidal type of moderately rapid growth. Branches become more pendulous as the tree grows older. Very graceful. 7-8 ft., \$7.50; 8-10 ft., \$10.00.

Clump Birch. Same as preceding but usually with three or more stems originating at the base. Has become increasingly popular because it fits very well into the landscape of the newer type ranch home. 4-5 ft., \$5.00; 6-7 ft., \$7.50; 2 stem, 12-14 ft., \$17.50.

Young's Weeping. Budded at 5 ft. Does not grow taller than 5 ft. but droops very gracefully. Ideal for pools or rockeries. Specimen trees, \$15.00 each.

Canoe. White bark with brown speckles. Upright growing. 8-10 ft. \$10.00.

European White. Same as cut-leaf weeping but only with upright growth. 8-10 ft., \$10.00.

CATALPA

Bungei or Umbrella. Vigorous growing with large elephant ear type of leaves. Grows naturally in a globe shape. Used mostly in formal planting or parking areas. 2 yr. heads, 6-7 ft. stems, \$7.50; 3 yr. heads, 6-7 ft. stems, \$10.00.

Western. A rapid growing tree with very large leaves, a nice clean bark and large white flower heads followed by long bean-shaped seed pods. 10-12 ft., \$10.00; 12-14 ft., \$15.00.

ELM

Chinese or Siberian. A very rapid growing tree with a dense head. Extremely hardy and disease resistant. 5-6 ft., \$2.50; 6-8 ft., \$3.50; 8-10 ft., \$5.00;

HORSECHESTNUT

Pink Flowering. A slow growing shade tree with pink pyramidal cone-shaped flowers. Very thick foliage. 6-8 ft., \$10.00.

White Flowering. Same as preceding, only white flowers. 6-8 ft., \$6.00.

LINDEN

American. Very large attractive leaves on a strong growing tree. Excellent for shade. 8-10 ft., \$6.00.

Pyramidal. A type of American Linden with a distinct pyramidal type of growth. Used extensively along the parking strips in Spokane's finer residential districts. 8-10 ft., \$8.00.

LOCUST

Globe or Umbrella. Attractive lacy foliage forming a globe compact head. Needs no shearing to keep globe shape. Planted extensively for formal street planting. No. 1 specimen trees budded at 6 ft., \$7.50.

Pink Moss Locust. An attractive specimen tree with delicate pink flowers that keep coming all summer. Branches have appearance of being moss-covered. No. 1 specimen trees, budded at 4½ ft., \$6.00.

MOUNTAIN ASH

A fast growing shade tree with orange clusters of berries from August till late winter. Everybody knows this popular tree. 6-8 ft., \$4.00; 8-10 ft., \$6.50.

WILLOW

Wisconsin. Spreading limbs and weeping branches. Very hardy. Dark green leaves. 8-10 ft., \$7.50.

Golden. Medium spreading growth. Golden yellow bark. 8-10 ft. specimen trees, \$7.50.

MAPLE

Norway. One of the most widely planted shade trees in our area. Large and dark green foliage, round and spreading in growth habit. For lawn specimens or shade, this tree is recommended very highly by us. 6-8 ft., \$4.50; 8-10 ft., \$6.50; 10-12 ft., \$10.00.

Crimson King. (Patent No. 735). Crimson King is a beautiful form of Schwedler Maple that was originated in Europe. It is a brilliant bright crimson all through the summer months. This new "guaranteed to stay red" maple should easily replace all of the so-called red maples on the market now. As usual we will have a fine block to offer but not enough to go around. May we suggest that you place your order now. Don't be left out for another year! Remember it takes several years for a young planted tree to develop shade. Act now! 5-6 ft. whips, \$6.00; 6-8 ft. slightly branched \$7.50.

Schwedler. Similar to the Norway Maple, except the new foliage in the spring is bright purple. Very attractive in the fall with its bronze and orange colored foliage. 6-8 ft. whips, \$4.00.

HONEYLOCUST

MORaine. Our newest shade tree—the tree you will read about in all of the garden magazines. Take a look at these features and see if it is not just the shade tree that you have been looking for:

Clean. No messy leaves to contend with in the fall. Foliage so fine and lacy that it just melts away between the grass. No seed pods in the spring.

Vase-Shaped. No lower limbs that hang down to interfere with your walking or mowing the lawn.

Lawn Planting. Wonderful for planting on lawn. Gives good shade yet allows enough light to filter through to encourage your lawn to grow.

Hardy. You bet! Suited to tough city conditions and any kind of soil. Withstands drought conditions. Rarely ever splits or loses its branches in heavy snow or high winds.

Regal. Wish that we had the space to show you a picture of this tree when fully developed. Vase-shaped and stately as no other tree you could plant.

What more could one ask for in a shade tree. We have a fine block at prices that are reasonable for a new tree. 5-6 ft. branched, \$6.00; 6-7 ft. branched, \$8.00; 7-8 ft. branched, \$10.00.

PANSIES

Mixed Maple-Leaf and Steele's Strain. We have 10,000 plants for the spring of 1952. Our pansies have long been noted for their brilliant colorings and giant size. Every Sunday from early April till June, we have scores of people who bring their own container and trowel so that they may dig their plants to assure them of the colors they want. If you live in Spokane or vicinity, why not drive out to our nurseries at E. 2929 29th Ave. and dig your own for only 75c per dozen. If you are unable to visit our nursery, we shall be glad to pick them out for you at only \$1.25 per dozen.

SCABIOSA (Blue Bonnet)

Caucasia. Soft lavender. Blooms all summer. Excellent for cutting.

Alpina. New dwarf scabiosa growing about 6 inches tall. Fine for rockery and cutting.

VIOLETS

Weller's Blue. Blue, blue in color. Very large flowers on long stems.

Royal Robe. A lustrous shade of deepest violet-blue. Very fragrant.

VERONICA (Speedwell)

Growing 2 ft. high, its lovely deep blue spikes show up well in the hardy border. The foliage is clean and bushy. Blooms throughout the early summer.

CHRISTMAS ROSE (Helleborus)

Niger Altifolius. A very rare and much-prized perennial that is presently sweeping the country in popularity. Starts blooming in the early fall with our first snows and continues all winter in mild weather. The lovely 5-petaled 3-inch flower is very waxy white with stamens of yellow gold. Luxuriant leathery foliage. Can be planted in most any spot in your garden but prefers a protected location where it is partially shaded in the summer but receives the winter sun. Once it is established, it should not be moved but allowed to spread and produce more flowers each year.

Large 5-8 eye plants that will please you,

Phlox

NEW!

NEW!

OUTSTANDING NEW PHLOX

July Glow. We don't like to brag but we believe this is the finest of the new phlox, and the hundreds of people who viewed it in our fields this past summer will vouch for our statement. This strong-growing phlox is cherry-red in color with very large florets. Bloom? All summer. Foliage? Good. Fades? No siree!

Spitfire. Non-fading very large trusses of salmon-orange. You will not find this color in any other flower.

Dresden China. Very, very large palest soft pink.

Prince George. Large bright orange scarlet. Outstanding.

Sir. John Falstaff. Deep salmon pink. This phlox has the largest trusses of any phlox we know.

Prices on new phlox, \$1.00 each; 3 for \$2.75.

PEONY

King of All Perennials

All stock offered is strong 3-5 eye divisions, cut from young thrifty stock, free from disease of all kinds. We offer a complete color selection in the highest rating varieties.

Festiva Maxima. Early, pure white flecked with crimson.

Francis Willard. Late midseason. Exquisite blush changing to pure white.

Mons Jules Elie. Midseason. Lilac-pink shading to deeper rose, overlaid with a sheen of silver.

Officinalis Rubra. The old fashioned early red that is usually in bloom by Memorial Day.

President Roosevelt. Midseason. Very fine brilliant red.

Sarah Bernhardt. Midseason. Apple-blossom pink with silvery edges on petals.

Walter Faxon. Midseason. Vivid salmon-pink.

Felix Crousse. Midseason. Brilliant ruby-red.

Prices: \$1.50 each; 3 for \$4.00.

Peonies Shipped in the Fall Only

ORIENTAL POPPIES

Amber Glow. Pure amber, large flowers. Good stem.

Helen Elizabeth. LaFrance pink flowers without the dark spots. We think it one of the best.

Henri Cayeux Improved. Old rose shaded to burgundy.

Lachs Konigen. One of the finest, strongest growing deep salmon pink.

Little Shrimp. Small shrimp-like flowers. A real gem.

Mrs. Perry. Very distinct salmon pink. Tall grower.

Purity. Pure soft pink without any markings.

Royal Scarlet. Brightest of all. Tall rugged grower.

Salmon Glow. Large double salmon-orange. Flowers to 8 inches across.

Sass Pink. Pure pink, flesh color. Brightly spotted.

Prices above 10 varieties, \$1.00 each.

PHLOX

Africa. Brilliant carmine-red with blood-red eye. Good strong 30 inch stems.

Antoinette Six. Pure white with unusually large heads.

Appollo. White, very large grower. The best.

Blue Boy. Very free flowering blue; outstanding color.

B. Comte. Rich satiny amaranth. Charming when planted with any yellow colored plant.

Charles Curtis. Beautiful sunset red that is hardly describable. Plant this with Appollo for a very good effect.

Daily Sketch. Large trusses of lustrous pink with crimson eye. Very popular and outstanding.

E. J. Farrington. Salmon-pink with a deep rosy-red blush.

Graf Zeppelin. Ivory white with a red eye. Very free flowering.

Leo Schlageter. Brilliant scarlet with a decided orange cast to the blooms. Early.

Rheinlander. Salmon-pink. Darker contrasting eye.

Starlight. Purplish violet, very rich; well defined white eye. Try Starlight with any white variety for effect.

Sweetheart. Salmon pink with a blood red center.

Thor. Deep salmon you won't find in any other color.

Painted Lady. An appealing peach color with a cameo-like blush. Very appealing.

Von Hockberg. Deep velvety-scarlet, sometimes described as a black-red.

William Kesselring. Dark-violet, white contrasting eye.

Prices on above phlox, 75c each; 3 for \$2.00.

GIANT EREMURUS

FOXTAIL LILY

VERY SPECTACULAR AND RARE

ROBUSTUS. This is easily the finest of all the Fox Tail lilies. Light rosy pink flowers on stems 6-8 ft. tall. About one-third of the stem is covered with small cup-like florets that sparkle in the sun. Likes good drainage and is easily grown. We only have mammoth, blooming size roots to offer. Shipped in the fall only. \$2.50 each.

DWARF FRUIT TREES

Enjoy Better, Earlier Fruit!

Most people report that our Dwarf Fruit Trees bear some fruit the first year of planting. No longer necessary to have acres to enjoy an orchard. Plant these trees right in your own backyard. By proper pruning they can be kept to 8 ft. and can be planted as close as 8 ft. together. Because of the demand for these trees, we will only have the following varieties available this year.

AND SMALL FRUITS

GRAPES

BLACK GRAPES

- ✦ **Concord.** The most widely planted grape and "backbone" of any vineyard. Berries large; bunches very compact.
- ✦ **Freedonia.** Improved Concord bearing at least two weeks earlier than Concord. Very hardy and heavy producer.
- ✦ **Worden.** Larger and blacker than Concord. Ripens very early. Good eating and jelly making.

RED GRAPES

- ✦ **Caco.** A new red grape of good merit. Wine red, good grower and hardy. Excellent for table. Our own favorite.
- ✦ **Agawam.** Large bunches of red, tender juicy grapes. Good table and juice quality.

WHITE GRAPES

- ✦ **Golden Muscat.** The choicest golden amber grape for your table. Large oblong fruit in large compact bunches. The finest of all white grapes and perfectly hardy.
- ✦ **Portland.** Sometimes called the "White Concord". Same characteristics as Concord only with white skin.

Prices on all grapes, 2 year No. 1, Select Plants,*75c ea.

HORSERADISH

Thrives everywhere

No. 1 Crowns: 25c each; 6 for \$1.25.

CURRENTS

- ✦ **CHERRY.** The largest of all red currants. The berries are often to one-half inch in diameter in short bunches.

2 yr. No. 1 Select, 50c each; 3 yr. select, \$1.00.

ASPARAGUS

- PARADISE.** A new variety that is superior to the Mary Washington. Widely heralded as an unusually heavy producer. Most satisfactory for the small yard.

3 yr. No. 1 roots, 10 for 75c; 25 for \$1.50 \$4.00 per 100.

RHUBARB

- CANADA RED.** The finest darkest red rhubarb of all, the stems are dark red clear to the heart and up into the leaf. Makes very beautiful and tempting sauce. Flavor—second to none. You only buy it once in a lifetime, why fool with second rate varieties.

No. 1 divisions, \$1.00 each.

GOOSEBERRIES

- ✦ **PIXWELL.** It "picks well" as the big luscious berries hang well away from the thorns. 2 yr. No. 1, 75c each.
- ✦ **OREGON CHAMPION.** Very free from mildew. Medium size berries of good flavor. Early ripening.

3 yr. No. 1 select. \$1.00 each.

THORNLESS BERRIES

- ✦ **THORNLESS BOYSENBERRY.** An immense berry on vigorous thornless bushes. Bearing young for a period of two months during the summer, Boysenberry is a heavy producer.
- ✦ **THORNLESS YOUNGBERRY.** The fruit is very large and juicy. The color is nearly black. Very few seeds and the vines are very hardy.
- ✦ **THORNLESS LOGANBERRY.** This new thornless variety has proven far more productive than the old thorny type of Loganberry. A very fine berry.

Prices on all Thornless berries: 2 yr. No. 1 Transplants, 50c each; \$5.00 per dozen.

NEW!

BLACKBERRIES

NEW!

The **EBONY KING** is a new blackberry that has been under test for the past 12 years. Berries are exceptionally large, of the Eldorado type. They are very sweet and have that real wild blackberry flavor. Ripens earlier than most blackberries. No blank or sterile plants that fail to produce. Has withstood temperatures down to 30 below zero. Bushes are upright and very strong, being able to hold the heavy yield and still put them up where you can pick them easy. We are offering only the largest size transplants for this first year. As the plants become more plentiful, we will have rooted cuttings to offer. Prices: Transplants, No. 1, 75c each; 3 for \$2.00.

RASPBERRIES

CUMBERLAND (Black Cap). Berries blackish in color. Large firm and most excellent flavor. Very popular.

NEW WASHINGTON. New. The finest red raspberry. Its berries are large and firm. Good yielder. The best one-crop for the small yard garden.

✦ **INDIAN SUMMER.** Large medium red berries that keep coming all summer. For enough fruit for the entire family, plant twice as many of this variety as New Washington. Being everbearing, it does not yield as heavy at one time as a one crop raspberry.

Prices on Raspberries. Transplants, 20c each; \$2.00 per dozen.

STRAWBERRIES

ROCKHILL NO. 26. This is a runnerless variety, seldom making runners. Producing a full crop of large red berries with a delicious flavor the same year as planted. It has become one of the most popular strawberries. It makes large crowns and being practically runnerless, is propagated by divisions.

Everbearing. No. 1 plants, \$1.50 per dozen; 50 for \$5.50; \$10.00 per hundred.

STREAMLINER. Leading growers declare that this is the best everbearing strawberry growing. Most highly desirable for canning and quick freezing. Very prolific bearer the whole season through. \$1.00 per doz.; 50 for \$3.50; \$5.00 per 100.

NEW!

NEW!

RED RICH. We don't know much about this berry but you requested it last year and are listing it for your benefit. Must be good to be able to get a patent. So different that it immediately flashed into all the papers and magazines all over the country. **RED RICH**—a huge strawberry plant, twice the size of most everbearers, produces big crops of sugar-kissed berries that are red clear through to the core. From early summer through frost, you'll be amazed by the everbearing qualities of this great plant. Freeze them whole, little sugar needed. Sounds good, doesn't it? No. 1 plants, 12 for \$2.95; 25 for \$5.00; 50 for \$8.50; \$15.00 per 100.
